SPECIAL WINDOWS

Standard Windows

Windows are typically vertical in proportion. Two basic window muntin patterns are 9 over 9 or 6 over 6 on the first floor, 9 over 9, 6 over 9 or 6 over 6 on the second floor, double hung with wide trim. Stone or brick jack arch lintels are typical.

Special Windows

Special windows include Palladian arched accent windows in gabled ends, dormers with gable or hipped roof, and the triple window with broad center sash, a hallmark of the Norfolk Classical Revival style house.

Shutters

Shutters should be sized and mounted to appear operable. Shutter styles can either be paneled or louvered.

Doors

Doors include 6- and 8-panel patterns, typically with sidelights and transom surrounds.

Trim

Windows and doors typically have 4-inch-wide profiled trim.
